Naming Policy discussed: Appreciation expressed for community input. Clarification/confirmation by all members of the committee that there is no plan to rename any existing areas that have honorary names. All were in favor of the naming policy with the changes made to include:

- the fundraising group with naming along with the superintendent if such a group exists, if such a group does not exist it would be the superintendent only bringing a suggestion forward.
- 30-day warning for a public meeting
- Change residents to community members in section 4c

Naming policy vote: unanimous to move the policy to the whole board for first reading at next full board meeting.

Next Policies to consider / work on: interscholastic policy and tuition policy were suggested by Gina and Sam respectively

Meeting adjourned: 7:04
