

**Woodstock Union High School Endowment Association
Grantee Evaluation of Grant Project**

The WUHS Endowment Association requires that all grantees submit an evaluation of their grant programs after their completion, in order to help us evaluate future grant applications. Use the following questions as a guideline for your report, and try to address all the issues listed. If necessary, please feel free to provide your responses on separate sheets.

1. Please give a brief summary of your endowment grant project.

2. What did you find most interesting about the project?

3. How did your project benefit teachers, students and the community?

4. Please describe any specific outcomes, results and/or spin-offs from the grant.

5. Will it continue to be used by students/teachers and other schools?

6. If your program was not as successful as you anticipated, please tell us why. Would you do it again?

7. Would you recommend it to others?

8. Do you have any ideas for future projects?

9. Will the program continue to be funded under your school's budget?

10. In the future, how could the Endowment Association better assist you in this process?

Please note: We require that you return this form within 2 weeks of completion of your project. Thank you.
