CHALLENGING THE MIND ★ ENCOURAGING THE HEART

CODE: F9

TRANSPORTATION POLICY

The Pomfret School District will provide transportation to and from school for all public school students on established bus routes as established by the Board of School Directors.

Students may be required to walk a reasonable distance from the school or from an established bus route. In locations where, in the opinion of the school directors, it is neither feasible nor practical to drive a school bus, parents may be required to provide transportation for their children to the nearest established bus route.

Parents may be reimbursed for the reasonable cost at the current district rate per mile to and from the bus route if such transportation is stipulated by the school directors.

Exceptions: The school directors of the Town of Pomfret reserve the right to make exceptions to this policy when it appears to be in the best interest of the student to do so because of the student's health, age, distance to be traveled, condition of road, type of highway, or other extenuating circumstance or unforeseeable condition.
