WINTER SPORTS POLICY (Replaces Ski Day Policy)

The Winter Sports Program is an integral part of Windsor Central Supervisory Union's tradition and philosophy. It is aligned with the physical education program and meant to extend the skills learned in Physical Education. The program is designed to encourage healthful exercise and build community within the school population.

Those children who participate in the Junior Ski Program, a component of the Winter Sports Program, are enrolled in structured ski classes and are required to ski with their fellow students unless excused by the Principal.

Students who choose not to participate in the Winter Sports Program are expected to remain in class and follow the time frame of a regular school day. This time is devoted to special activities appropriate to each student.
