

EARLY CHILDHOOD SPECIAL EDUCATION SERVICES

The Vermont Achievement Center is a private non-profit organization, which operates the preschool and enrichment program independently of Sherburne Elementary School. As needed, VAC will work with families to help refer their child to the appropriate service provider for necessary assessments or services for their child(ren). Any early childhood special education screenings, assessments or services must be obtained through the supervisory union where the family resides. If you have questions or concerns about your preschool child's development, or about available services, please contact your supervisory union's special education office. VAC staff would be happy to assist you in finding the appropriate people to contact. If you have any questions, please speak directly with your child's VAC teacher or with the VAC Coordinator.
